

Fabulous Photos

These workshops all take place at the Chelmsford Library.
They are sponsored by the Library and funded by the
Chelmsford Friends of the Library

Digital Cameras 101 – How to Use Your Digital Camera with Loreen Liberty of TLM Studios, Devens, MA Wed. March 12, 2008 at 6:30 p.m.

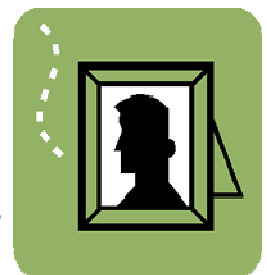

Learn to use the basic and advanced features of your digital camera – from basic camera settings to exposure values (shutter speed, aperture, white balance, and ISO speeds). Understand differences in auto, program, and manual settings. Explore lighting and light sources. All this and many other tips and tricks from professional photographer Loreen Liberty. Although we will not be taking photos during class, you may want to bring your camera and manual for discussion and questions.

Digital Cameras 101 – How to Take Great Photographs with Loreen Liberty, of TLM Studios, Devens, MA Wed. March 19, 2008, at 6:30 p.m.

Learn three simple tips to having a perfect picture every time. Discover composition techniques such as rule of thirds, leading lines, foreground/background elements, patterns, textures, and color. Determine how to “train your eye” to make your photos look great. Establish a life-long photography project with themes and story-telling. Although we will not be taking photos during class, you may want to bring your camera and manual for discussion and questions.

How to Load your Photographs into an Online Photo Album with Brian Herzog, Head of Reference, Chelmsford Library Wed. April 2, 2008 at 6:30 p.m.

Once you take pictures with your digital camera, what do you do with them? One option is to create an "online photo album," which you can use to store the pictures for yourself, share them with friends and family, or show off your photography skills to the world. This workshop will demonstrate how to use the website flickr.com to set up an online photo album, and cover the basics of using this tool to store and share digital photographs.
