[History UnErased](#) (HUE) is a nonprofit founded by award-winning classroom teachers and dedicated to putting LGBTQ+ history in its rightful place—the classroom! Their groundbreaking "Intersections and Connections" digital curriculum for K-12 schools ensures that all students, today and beyond, learn about and understand a more complete story of America and a more empowering reflection of who 'We the people' includes. The HUE team works in partnership with expert historians and archivists, the Library of Congress, New York City Department of Education, Massachusetts Department of Elementary and Secondary Education, New York Public Library, National Park Service, and more!
